MONIQUE NAGEL

SOFTWARE DEVLOPER

MY PROFILE

I am passionate about learning more about IT concepts related to developing skills I can use to build fun and interesting projects.

I am also a goal-orientated person that takes pride in the planning of my work in order to achieve results.

I am a team player that wants to work hard and contribute as much as I can.

CAREER OBJECTIVE

I am looking for a graduate program with the possibility of transitioning into a permanent position at a reputable organisation that offers growth opportunities to enhance my knowledge of emerging trends within the IT sector.

HONOURS & AWARDS

Golden Key International Honor Society

Recognition of my academic achievement of being among the top 15% of my class.

WORK EXPERIENCE

2020
Student Assistant
I communicated with students by assisting them with grasping the study material of their modules. This encapsulated marking and assessing students' assignments and projects while aiding lectures with their respective modules.

This required:

Clear and concise communication skills.

A proper understanding of the module content to assist students.

Balancing studies and additional work given by lecturers.

EDUCATION

North-West Univeristy
BSC Information Technology
Graduated *2021*

SKILLS

Technical Skills
Programming
(C#, Java, JavaScript, Python)
